

Cuba — memo to
self for conf - Sept - Oct. 17

To avoid bad reaction must be ready on many questions:

Retraction NATO has equally justified
criticism in NATO for past action endangering Europe - and.
Deter in Cuba could be quickly replaced by moving to
invade & occupy?

Will Latin, Greek and some (Brazil, Mexico, Chile, Bolivia,
Guatemala, Uruguay) say they don't want such protection - US not
acting in their interest or with their approval and consent?

Would collaboration & deal of war ag. Cuba. acting ~~else~~
unilaterally be better?

Europe has not resisted withdrawal of their TRB's from
Hungary, Czech etc.

What if Cuban USSR government etc. can be as soon
as overcomes delayed charging, as with threatened aggression
and coming, nothing realistic?

What if there are no war heads in Cuba
